Ingmar Bergman : A Critical Biography by Peter Cowie

This is the best biography on Bergman to date, though I don't find its discussions of the films of Bergman as insightful as those of Robin Wood or Jesse Kalin, but until a more definitive book on Bergman is written, this is going to stand as the best overall book on Bergman's life and art. The progenitor of the Calwagen family, the merchant Paul Calwagen, had emigrated from Holland to , Sweden in the 17th century. It is the story of a group of wandering magicians and their encounters with otherworldly spirits.

Ingmar Bergman

He was the father of writer with Ullmann. By the age of six Bergman was making his own movies, primitive works that he pieced together from film scraps. The film sparked debate on Swedish formal education.

Ingmar Bergman: A Critical Biography by Cowie, Peter

Mindscreen: Bergman, Godard, and First-person Film. Within a year, he had created, by playing with this toy, a private world in which he felt completely at home, he recalled.

Ingmar Bergman : A Critical Biography by Peter Cowie

It began with hearing a Woody Allen reference to Bergman in one of his movies and my remembering that I had been meaning to watch more of his work, having only seen The Seventh Seal. His earlier films are carefully constructed and are either based on his plays or written in collaboration with other authors. The Seventh Seal won a special jury prize and was nominated for the Palme d'Or at Cannes, and Wild Strawberries won numerous awards for Bergman and its star,.

Ingmar Bergman: A Critical Biography by Cowie, Peter

I eventually watched every film available at rental shops and the local libraries over the next couple of years, even over the course of moving to a different city, and Cowie's book greatly increased my appreciation for his work.

Ingmar Bergman

Although raised in a devout Lutheran household, Bergman later stated that he lost his faith when aged eight, and only came to terms with this fact while making in 1962. Even Bergman's critics agree that this film has visual daring with great dramatic power. He had hip surgery in October 2006 and was making a difficult recovery.
