### Fabulous facts about Scotland!

Cockburn: The Cockburns are a Border Clan. The picturesque qualities of the extensive woodland, lochs and parkland, accessible via a network of paths from the town of Duns, make an important contribution to the scenic value of the local landscape.

### Early Antique Maps of the whole of Scotland

Robert Hay instigated his own additions during the late 18th and early 19th century. North of the Moray frith, the greatest breadth, from Duncansby-head to Cape-Wrath, is only 70 wiles; and the least from the Dornoch frith to Loch-Broom, is 36. Surviving maps, plans and correspondence provide valuable insight into the sequential development of the policies and the changing aesthetic fashions of the day.

### Special waste

On the west side of the drive a new pond has been made, and on the east side of the drive there are plantings of ornamental cherries, copper beech, sycamore and some large leaved oaks. Health in rural communities was a growing concern more generally. .

### 8 Remarkable Early Maps

Note, however, that while the site gives advice on how to make best use of a visit to the NAS in Edinburgh, none of these records or images are available on-line. GENUKI is organised on the basis of historic counties.

### CASTLE FORBES (GDL00090)

Owing to the careful management of McKelvie, the whole debt of the Dundee Cemeteries is paid in full with interest, and the cemeteries will henceforth become a source of revenue for the city. The dietary needs of the islanders in 1764 are also recorded. Public access around the loch and woods is encouraged through the maintenance of a network of well publicised paths.

## **Early Maps**

They contain over 300 images by a group of pioneering Scottish photographers working in Edinburgh and St. Views on the ascent reveal the low-lying, undulating parkland, woodland and artificial loch at the heart of the estate and the hilly grasslands of the Lammermuirs, which ascend to the north west.

## **Balgay Park**

The nation also benefits when more of the knowledge resources about it — many produced at public expense — are utilised by more people.

## **Early Antique Maps of the whole of Scotland**

At the end of this period the brought the age of dinosaurs to a close.
