QUANDO VOU RECEBER A MINHA ENCOMENDA? Si on note une similitude descriptive des personnages entre les deux générations à quel niveau se situe la rupture avec les littératures précédentes? The book considers a primary corpus spanning over forty literary texts published between 1981 and 2012, analysing the extent to which texts are able to collect diverse and apparently competing memories, and in the process present the heterogeneous nature of memories of the Algerian War. Depuis une vingtaine d'années, l'émergence des littératures de l'immigration évoque ce phénomène. This book also highlights the transition into modernity in Burkina Faso, the theater of Aimé Césaire, literature and culture in Québec, and the French presence in the northeastern United States.
