**Primo Levi : the austere humanist / Joseph Farrell (ed.)**

In 1963, he suffered his first major bout of depression. After Levi is transferred from working as a hard laborer in the snow to working as chemist in a laboratory, the act of working indoors with fine tools, using his mind rather than his body, and working around young German women slowly returns his sense of civilization and humanity. It happened, therefore it can happen again: this is the core of what we have to say.

## Primo Levi: The Austere Humanist by Joseph Farrell

Працював у хімічних лабораторіях на дрібних підприємствах та. Some stories from Parts 2 and 3 are in La chiave a stella 1978 Novel US: The Monkey's Wrench La ricerca delle radici 1981 Personal anthology Se non ora, quando?.

100391796

The book was inspired by events during Levi's train journey home after release from the camp, narrated in The Truce.

**Primo Levi : the austere humanist / Joseph Farrell (ed.).**

Staff members are working remotely to answer reference requests to the extent feasible. He also wished to be judged as a writer who, in addition to the autobiographical works on his experiences in the death camps, wrote poetry, produced volumes of sci-fi stories, authored novels and contributed critical essays to newspapers on a range of topics and writers.
