## Protecting Human Rights in a Global Economy: Challenges for the World Trade Organization

A broad literature in political psychology demonstrates that cueing, framing, and persuasion by elites and through media influence individual attitudes Chong and Druckman. Some would argue that there is no point in attempting to reform the WTO, that its structure is so flawed it should be scrapped completely.

## NGOs and the WTO

Thus it would appear that in the event of a conflict between a human rights obligation, particularly one that is universally recognized, and a commitment ensuing from international treaty law, the former prevails or the latter must be interpreted to be consistent with the former.

## NGO Involvement in the WTO: A Comparative Perspective

This is the perspective through which governments and civil society should address the problems of uneven development, particularly in cases and controversies where there is no specific conflict of legal rights and obligations as such. Other economic and social rights issues emerge in relation to trade in services.
