**1700**

The only reason you will match someone at either the R-L21 or R-M269 level is because you both descend from a common long-ago ancestral branch, hundreds to thousands of years in the past.

**Italia**

That battles had been fought here, and on the bridge nearby.

**1700**

A mid-century vogue for striped fabrics had the stripes running different directions on the trim and the body of the gown. Necklines on dresses became more open as time went on allowing for greater display of ornamentation of the neck area. It looks like she had one daughter in 1733, but only three children are shown in the Grossheppach book through 1737.

**Italia**

De største avisene heter , , , og. Kirkestaten ble også rammet av som gjorde at det var to paver fra Paven kom tilbake fra Rom og til 1415. There are also but they look too dry for my taste.

**1700**

This also causes me to ponder the possibility if she is a sister or maybe niece to Margretha. But other emails get treated differently. Finally, one other large element of 18th century women's dress wear became the addition of the filled neckband, a separate piece from the rest of the dress.

**Italia**

Kongene på bildet var i realiteten ikke til stede. Største byer innbyggertall i provinsen, 1.
