## Feminism, Economics and Utopia: Time Travelling Through Paradigms (Routledge 9780415417846

The scientific concept of positivism and the foundation for modern sociopolitical systems, such as governance, were established. He aims to maximize his utility; he certainly needs to keep up his gay lifestyle; his taste and allowance are clearly superior to that of the single, heterosexual mother.

### Toward a Feminist Philosophy of Economics

Such frankness in motivation is not possible in our socioeconomic historic context anymore. Not all women are emotional, just as not all men are rational. Not only does one need the tools to build this world, but without an image of what to build the whole situation will remain static and theoretical discourse will spiral to ever more advanced levels without ever reaching any real-life conclusions.

To continue with my example from the Counseling Center: after working with 20 homophobic kids for two hours you may think you have done a good deed, but it is extremely hard work.

## Feminism, Economics and Utopia (Routledge Frontiers of Political Economy)

The important characteristic is that the utopia is removed from the situation of here and now.
