Dávám

Jane Walsh,Fnp-C returned my called and was very impressed. We stopped at a few urgent care places only to be turned away because she is too little so they assumed she won't hold still. I went on a Friday shortly before closing and they were very friendly and helpful.

Ať už jde o pomoc druhým, nebo o přírodu. I would definitely recommend Davam to anyone looking for urgent care.

Davam Urgent Care

We offer many different occupational medicine services including pre-employment physicals, drug screening, hearing and vision screening, laceration repair, animal bite treatment, tetanus shots, flu shots,and more. On one side of the waiting room there were toys. Most places are completely up in arms and have no approach at all.
