We strive to be consistent.

A New Look at the 7 Emotional States of Loss

We have since defined Gaia as a complex entity involving the Earth's biosphere, atmosphere, oceans, and soil; the totality constituting a feedback or cybernetic system which seeks an optimal physical and chemical environment for life on this planet. With thanks to NetGalley and the publisher

for letting me have an ARC in exchange for an honest review. He told others about his dream, and the Yellow Peril came into existence, tarring Asians with the absurd slur of yellow skin ever since.

The Millennial Housing Trend Is a Repeat of the Middle Ages

Belonging to a relatively small household has become the norm even though it can make daily life more difficult in many ways. Even knowing that, it's still stunning to see just how fundamentally wrong that terminology is.
