Lerner , and De Vos's own reminiscences, are followed by contributions true to the spirit of De Vos's methodology.

NMPS

. Our field has also grown tremendously since Freud, acquiring a theoretical fullness that can be used to explore the incredible complexity of what it means to be human, from our most physical rootedness in body and drive, to the most sublime accomplishments of culture, art and knowledge. Psychoanalysis is a rich field, as it integrates neuroscientific psychological sociological and evolutionary theories, as well as learning from philosophy, art mythology and all human endeavors.
