Figure 2: Case study of genetic variation between three scientists. It was likely written by another run-of-the-mill Trump hating democrat.

Evolutionary Dispute: Most Human Origins Stories Are Not Compatible With Known Fossils

Around 50—60 million people lived in the combined eastern and western in the 4th century AD.

Evolutionary Dispute: Most Human Origins Stories Are Not Compatible With Known Fossils

According to the story, the sound of the Danes merrymaking somehow triggers the cannibalistic night raids of Grendel.

Homo floresiensis

Anything about race and race itself that you are worried about is the result of the white man destroying entire societies and countries and villages and ravaging entire nations. I remember in archaeology class learning about what a thief one of the early anthropologist was in Arizona and New Mexico! There is no point to reasoning with a racist because this is more basic.
