History of Baroque Music and Origins

However, the arguments are not compelling.

Hanslick, Eduard

Moreover, music presents us with formal structures that reach levels of complexity hardly imaginable in other contexts, in that the formal structures of music are hierarchically organized and related to other structures within the same piece—think of an arpeggio as a sonic gestalt, embedded in a chord progression, which we experience as a larger gestalt 168. Reprinted in Levinson 1996c: 60—89. Music, in each case, must be understood musically and can be grasped only from within, as no verbal report can suffice.

The Philosophy of Music (Stanford Encyclopedia of Philosophy)

It includes both well-known philosophers of music drawing on a wealth of reflection to produce new and often startling conclusions, and philosophers relatively new to the philosophy of music yet eminent in other philosophical fields, who are able to bring a fresh perspective, informed by that background, to their topic of choice. Reprinted in *Contemplating Art: Essays in Aesthetics*, Oxford: Oxford University Press, 2006, pp.
