

# Eternal verities, for the teachers of children.

United lodge of theosophists - Theosophy Books for Children

The closer you get to excellence in  
your life, the more friends you'll  
lose.  
People love you when you're  
average because it makes them  
comfortable.  
But when you pursue greatness it  
makes people uncomfortable.  
Be prepared to lose some people  
on your journey.
