The Dynamics of Productive Relationships: African Share Contracts in Comparative Perspective: Robertson, A. F.: 9780521328340: styleguide.expo.io: Books

Doing business in emerging markets, 2nd ed. Among economists, the Theil Index has emerged as the most widely used tool to measure exports diversification.

Local Models, Global Change: Community Impacts and Sustainability Visions

The first relates to the expansion of economic sectors that contribute to employment and production or gross domestic product GDP diversification, and the second is associated with international trade or exports diversification. What is new, in this analysis, is the fusion of these elements to conceptualize fiscal diversification as both an indicator of structural economic change production, employment, and trade and as a mechanism or tool for policymakers to catalyze economic change. The Quarterly Journal of Economics 119 3 : 929—969.

Economic Diversification in Africa: How and Why It Matters

Diversification is also associated with enhanced governance outcomes, though the literature that empirically explores the causal link between diversification and governance remains scant and inconclusive. In the transformed version man is obviously part of the system.
