The Tunnel War

The British used it to great effect here in Messines. PETER DOYLE: Are we seeing the ladder, there, do you think? Black-clad guerrillas soon began organizing attacks on the base, popping out at night to blow up planes and steal weapons and equipment, including a tank, before disappearing into the darkness. In the the tactic of tunnel warfare was employed by the Chinese forces themselves.

Tunnel War

But here you can barely get two fingers, because they didn't want you to get some grip on it, so you can cut it. The use of tunnels as a means of guerrilla-like warfare against the Roman Empire was also a common practice of the Jewish rebels in Judea during the 132—136 AD. The British were constantly shelling the trenches, and the real danger, in this early war trench design, was when a shell fell right inside.

Notes From the Underground: The Long History of Tunnel Warfare

Another promising approach is the prototype Active Acoustic Tunnel Detector, being developed at Idaho National Laboratory, which transmits up to 200 hertz of acoustic waves into the ground.

Historians unearth bodies of 270 German troops hidden for a century in Winterberg Tunnel

Not long after the IDF prevented another attack on the border with the southern Gaza Strip. These American, Australian and New Zealander soldiers infiltrated and sabotaged the intensely-claustrophobic labyrinth of underground tunnels used by the Vietcong to launch surprise attacks and set up ambushes.
