MSAS (Mars Transfer System (MTS) Assembly and Servicing System), final report (1991 edition)

The firing command originates in the nstrument Unit and activates redundant firing systems.

Full text of Random House Dictionary Of The English

The relation between the stratospheric QBO and the QBO modulation in the MLT gravity wave forcing derived from the divergence of the momentum flux was found to be consistent with that expected from the Holton-Tan effect coupled to the interhemispheric coupling mechanism. Contrast Old French, where the nominative and accusative cases are distinguished by inflection.
