Using intonation

Write down anything you already know about this topic. When fluent readers read silently, they recognize words automatically.

PS2020

Discussion Rote drill and practice are boring and lack meaning for young people; holistic experiences are much more engaging.

PS2020

They are thus modeling the kinds of communication patterns that young people will use in school. Likewise, students of low socioeconomic status who were born in the U.

5 Surefire Strategies for Developing Reading Fluency

Their reading sounds natural, as if they are speaking.
