Angelika Neuwirth also considers Sūra 26 earlier personal communication. By what power was the hand of Moses transformed, which in the space of one hour was made as snow and again restored? Contributions provide close analysis of specific passages, themes, and issues within the Qur'ān even as they attend to the disciplinary challenges, promises, or contentions with the field of qur'ānic studies today. This will be attempted in Part 2 of this essay.

Who are the Nakhi People?

He has done some rearranging of the verses of the three accounts and designated their sections with Roman numerals to facilitate comparison, as follows: A Q 7:85—93 I And to Midian their brother Shu'ayb. Educational and recreational diving centers have turned Kish to the most professional diving center in Iran. We see a consistent parallelism in the conclusions of this constellation of suras, which points to the overarching atmosphere at the time of their composition.
