Approvals are Notices of Compliance NOCs issued or issuable. We must focus on alternative livelihoods.

## Annual Report 2015

The IMO also continued auditing member states under the IMO Voluntary Audit Scheme. In particular, the survey was intended to capture information on the impact of Health Canada's communication and consultation activities on stakeholder awareness and understanding of risks related to therapeutic products, as well as information on the impact of these activities on stakeholder use of these products.

While some external key informants raised concerns about inconsistent interpretation of standards and quality of inspections, Health Canada indicated that the different inspection outcomes are likely due to differences between the two regulatory agencies in their approach to inspections and the scope of the inspections. PASB refocused technical cooperation for the implementation of the Strategy and made progress in the development of a plan of action that will be presented at the 56th PAHO Directing Council in September 2018.

We also encourage the establishment of a state drug control committee, which would be grassroots and involve community-level organisations. Its work with indigenous populations has been carried out on a smaller scale. Public policies for communication shall give priority to their education and respect for their rights to an image, integrity and others pertaining to their age.

The database includes trials that were authorized by Health Canada starting April 1, 2013 Health Canada, 2013f.

### **Opening of the 63rd Session of the Commission on Narcotic Drugs**

SECTION THREE Information and communication Article 16. Agency for International Development USAID. They would argue that the painstaking neoclassical economic justification for a commitment to equity is unnecessary, nevertheless, it is once again relevant that many theorists and activists of diverse persuasions have converged on the same bottom line, namely, that equality is good for both economic growth and human development.
