Review of Marilyn French, Shakespeare's Division of Experience† — Northwestern Scholars

A book that has been read but is in good condition. French died from heart failure at age 79 on May 2, 2009 in Manhattan, New York City.

Shakespeare s Division of Experience

. In her work, French asserted that women's oppression is an intrinsic part of the male-dominated global culture.

034530070x

More than a brilliantly original literary interpretation, this fascinating volume provides penetrating insight into attitudes toward men, women, love, and power in Western culture. William Shakespeare regarded men and women quite differently.

Shakespeare s Division of Experience

More than a brilliantly original literary interpretation, this fascinating volume provides penetrating insight into attitudes toward men, women, love, and power in Western culture. Yet, in his later plays, there is evidence of a reversal in Shakespeare's attitudes, a new fear of the power of the masculine William Shakespeare regarded men and women quite differently. The dust jacket for hard covers may not be included.
