### Kindergarten Math Activities

Kids can learn to count numbers from 1 to 10 while playing hopscotch. Let them do the math Sneak a little math review into your teacher introduction with this clever idea! Below you will find a slew of hands-on preschool math activities to try with your students or your own kids.

### Kindergarten Math Activities

Assign each color a movement hop, touch toes, etc. Using kitchen scales, invite individual students to weigh each item and record the correct answers in a second column. In another game, you can call out a number and ask students to hop on any equation that equals to that number.

### 55+ of the Best Math Activities for Preschoolers

There are western gorillas, forest elephants and hippos.

### Math Worksheets, Printables, Activities, Lesson Plans

Then have a student choose a balloon, find the matching number, and head off to make a splash! Stand on the other side, and make a statement about yourself. Record a Flipgrid video to introduce yourself to students, then have them do the same.
