Five years after Laudato Si, and 50 after the first Earth Day

The class which has the means of material production at its disposal, has control at the same time over the means of mental production, so that thereby, generally speaking, the ideas of those who lack the means of mental production are subject to it.

Technology and the Ethics of Responsibility

We are raising our individual and collective vibrations. As David Wilcock points out, we can observe the exact same lack of lack of investigative cooperation within the management of Deutsche Bank as we can in past scandals such as that of Iran Contra back in 1986. .

The Unanticipated Consequences of Technology

Thus, if the world is in conflict with God, the world is also in conflict with us. But we must not throw the baby out with the bath water.

Thoughts on the Old Testament and Economics

And indeed they can be reduced in the main to three: The law of the transformation of quantity into quality and vice versa; The law of the interpenetration of opposites; The law of the negation of the negation.

Where Have All Our Heroes Gone?

The presumed outcome will find humankind front and center, in control, as lord and master of technical progress.

Habits of the High

We would be impressed by the vastness of the cosmos and, even more so, by how unique the Earth is compared to everything else there is to see. While I was with them in the world, I kept them in Your name. It leaves this to criminal law, doctors, religion, statistical tables, politics, and the beadle.

Marx Quotes: Quotes from Karl Marx and Frederick Engels

In bourgeois society capital is independent and has individuality, while the living person is dependent and has no individuality.

8 Ways the Civil War Affects Us Today

Open my eyes to see and my ears to hear and then, change me for eternal purposes. Intriguing discoveries have been made, but the methods by which they appear are suspect at best.
