Aktual'nye problemy khirurgii : materialy V mezhhoblastnoy nauchnoy

The city grows at the expense of the countryside, and the urban population increases at the expense of the rural population. Gukovsky, Pushkin i russkie romantiki Moscow, 1965 Yurii Lotman, Pushkin: Biografiya pisatelya St. Kharkov plans have been made and partially implemented to create a new type of well-planned satellite city for the decentralization of the population and the transfer of some industries from the central city.

Транспортная развязка в центре Уфы решит проблему пробок

The majority of such settlements existed in their closed, patriarchal world. Doctoral thesis devoted to various aspects of this problem have been successfully defended in University of Latvia and Daugavpils University: Pavels Glusakovs Genres of the Russian Exile Historical Prose 1920-1930s in Latvia , 2007 , Zans Badins Latvia in the Russian Literature 1901-1940 , 2008 , Natalija Makasina Artistic World Models in Andrei Zadonskiy's Prose Fiction 2012 , Marija Sivasova The Latgale Text in Writings of Russian Writers-Emigrants 1920-1930s , 2012.

129613373

In this period Russian writers and journalists were not interested in Latvian cultural environment but in the life of local old-believers, the development and existence of other religious confessions in a foreign cultural space. The abolition of the opposition between the city and the countryside is a programmatic demand of scientific communism.
