Aizu was besieged starting that month, leading to the mass suicide of the White Tiger Corps young warriors. Moreover, Satow speculates that Yoshinobu had agreed to an assembly of daimyōs on the hope that such a body would restore him, a prospect hard-liners from Satsuma and Chōshū found intolerable.

Boshin War

However, without properly applying technology to business, operational problems will quickly become an issue. The Boshin War , Boshin Sensō, lit.

Sensoan

Although the shogunate had no intention of enforcing it, the order nevertheless inspired attacks against the shogunate itself and against foreigners in Japan: the most famous incident was that of the English trader , for whose death the Tokugawa government had to pay an of one hundred thousand.

Boshin War

New Haven: Yale University Press. American-made handguns were also popular, such as the 1863 , which was imported to Japan by Glover and used by Satsuma forces. The killing of French sailors by Tosa soldiers in the , March 8, 1868, After the defections, Yoshinobu, apparently distressed by the imperial approval given to the actions of Satsuma and Chōshū, fled aboard the Japanese battleship , withdrawing to Edo.

Bosun Technologies

They had between three to five times more soldiers and held Osaka Castle as a base, they could count on the forces from Edo modernized by the French, and they had the most powerful fleet of East Asia at hand in Osaka Bay. The shogunate pursued modernization, but was faced by growing internal discontent against the harm to national sovereignty brought on by contact with Westerners.
