About: Battle of the Gulf

Both were vassals of the king of Norway, and they appealed to him as dispute mediator. The flag of Iceland being raised and the flag of the United States being lowered as the U.

Sean Lawing

Jón Ögmundsson, the 1st bishop at Hólar, eager to eradicate all traces of paganism, succeeded in changing the names of the days of the week, named after the pagan gods.

Untitled Document

They may also have been hermits. It was written in the first half of the 12th century. Sturla was more aggressive: he sent his uncle back to Norway and started warring on the chieftains who refused to accept the king's demands.
