We will continue working together with society toward achieving our goals to enhance our corporate value and helping create an affluent society.

NIHONGO ICHIBAN

We always listen to our customers very carefully which help us to become stronger in various ways, in areas including quality, productivity and manufacturing technology and became more competent in the market.

Nihon keizai shimbun

Its national edition is published mornings and evenings in , , Seibu, and and has a combined circulation of some 2.

Japan News : The Asahi Shimbun

In the 60 years since then, various restaurants have worked hard, continuing to study improvements in breeding cattle, selecting suitable meat for grilling, aging methods, slicing perfect cuts, creating sauces and seasonings that pair well with beef and so on. We believe we can increase the company value much further by enhancing the products and expanding the domestic and overseas sales network.
