### Ka' De li' Åsters (TV Series 1967)

Der findes ikke kun én, men faktisk mange forskellige slags østers.

### Trelleborgs FF

After Berry says goodbye indefinitely to his well-groomed and -behaved elder brother Rein while showering together, the 'elopers' start spending the ill-gotten funds like water in a luxury hotel, but even there the flimsy foundation of their purposeless relationship starts crumbling, as does drug-addicted Thera's health.

### Östers IF

For example, non-native species in have resulted in the loss of half of California's. In some species, the valves are highly calcified, and many are somewhat irregular in shape.

### Oyster

Over- og underside af skal fra mølboøsters, som trods navnet ikke er nært beslægtede med europæisk østers. In nature, pearl oysters produce pearls by covering a minute invasive object with.
