History of Wetlands in the Conterminous United States

It is the final act of God preceding the second coming of Christ.

Psalm 46:4 Commentaries: There is a river whose streams make glad the city of God, The holy dwelling places of the Most High.

The period of Mesopotamian history preceding the foundation of the Akkadian Empire is referred to by archaeologists as the Early Dynastic period, which lasted from around 2900 to 2350 BC.

Deadly Flood of 1844

Because larger animals lost body heat more slowly, bigger was indeed better. Where is the will to move this country forward? The Tigris and Euphrates Rivers are drying up, and these are the very rivers that were once a critical part of the Cradle of Civilization in ancient Mesopotamia 2000 years before Christ. Until relatively recently geologically speaking, most of the Mississippi basin drained northward toward the arctic.

Revelation 12:15

Was the End of the Akkadian Empire Brought on by Climate Change? Sorry, this photo is not yet available Oil-powered dredge digging a 30-foot-wide ditch to drain wetlands near Carroll, Iowa. He is peculiarly present with and in his church, in all ages. No wonder the book of Revelation was initially considered a suspect book.
