If there are good arguments for escaping intolerable situations caused by age-related deteriorative conditions, most of those arguments will equally support avoidance of those conditions.

The Last Choice by C.G. Prado

The Last Choice establishes that preemptive suicide in advanced age can be rational: that it can make good sense to evade age-related personal diminishment even at the cost of good time left.

The Last Choice by C.G. Prado

Discussion of preemptive suicide goes beyond contributing to current widespread debate about assisted suicide. If there are good arguments for escaping intolerable situations caused by age-related deteriorative conditions, most of those arguments will equally support avoidance of those conditions.

Criteria are provided to help determine whether soundly reasoned, cogently motivated, and prudently timed self-destruction can be in one's interests late in life.

The last choice : preemptive suicide in advanced age

It is a matter tightly interrelated with other right to die questions and one bound to become a national issue.

Last Choice: Preemptive Suicide in Advanced Age, Second Edition: 63

It is crucial, then, to examine whether preemptive suicide constitutes a rational option for reflective aging individuals. Discussion of preemptive suicide goes beyond contributing to current widespread debate about assisted suicide. See details for additional description.
