### Integration of Princely States

GEO help: Mouse over screen elements for information. However, both in June 2019 and October 2019 the Council failed to green-light the opening of accession negotiations. The EU struggled to deal with the sudden reunification of Germany with the addition of its poorer 17 million people and, while keeping its monetary union project on track, it was still at that early stage pointing the EFTA countries in the direction of the EEA rather than full membership.

### The case for a joint 'Western Balkans six' accession to the EU

The Maharaja complied, but Nehru declared that it would have to be confirmed by a plebiscite, although there was no legal requirement to seek such confirmation.

### Political integration of India

These ideological divides were visible in November 2006 when Sweden could either buy two new transport planes or join NATO's plane pool, and in December 2006, when Sweden was invited to join the. Between 1989 and 1991, the between the two superpowers was coming to an end, with the USSR's influence over communist Europe collapsing. The British took the view that because they had been established directly between the British crown and the princely states, they could not be transferred to the newly independent of India and Pakistan.

### Integration of princely states

Although this process successfully integrated the vast majority of princely states into India, it was not as successful for a few, notably the former princely states of, and, where active secessionist separatist insurgencies continued to exist due to various reasons.

### Enlargement of the European Union

It would be handed to the States Department on 15 August only if the Nawab did not change his mind before then, which he was free to do.

### **Political integration of India**

It has also been acknowledged that enlargement has its limits; the EU cannot expand endlessly. How to know if you have experienced one: Think back to the kind of person you were one to three years ago.

### **NATO**

It is widely understood that a would have to be held before any changes could be made to neutrality or to joining NATO. This was formalised with the deposit of the Instrument of Accession with the US State Department.
