So I chanced to get to work on the first Apple I , Imsai , Sol , Altair , Northstar Horizon , Dynabyte , and what other unspeakable contraptions the genius of microcomputer tinkerers came up with. Just as you may give up or surrender your job to someone else, you may admit defeat at the hands of something bigger, or give yourself up to it--you may in fact be assigned to losing your job! Therefore this work is also paradoxical: It tries to put in written words something that humanity has lost when we all came to rely too much on the written word.
