## Virtual Math Lab

Sequences and Series Get information on mathematical, geometric and arithmetic sequences and how to find and classify them. If you have a specific school in mind, you really need to ask there.

## Algebra Calculator

Make sure you give the questions a good try first; you may be able to solve them yourself. These are ideal for the classroom, or they can be assigned to students in MyLab Math as media assignments or through the new exercises that assess conceptual understanding of the videos. Take advantage of free tutoring.

## College Algebra Tutor, Help and Practice Online

Using a test from a previous year is a great way to get more practice for the exam. See how to compose functions and how to find an inverse function. StudyPug takes learning College Algebra online, catered for all levels, beginning at College Algebra for dummies! Use of this review is optional.

## Algebra

Your subscription gives to unlimited access to all courses! Read that section and work some of the problems to check your understanding.
