Variability and decline in the number of severe tropical cyclones making land

Humorous piece making reference to Clarke.

Reverend W.B. Clarke

Showing up at an ER with a fever of less than 103.39. Introduction, in SYNOPSIS OF THE BRITISH PALAEOZOIC ROCKS AND FOSSILS IN THE GEOLOGICAL MUSEUM OF THE UNIVERSITY OF CAMBRIDGE. The problem is that the thermometer house was tall and in the morning would cast a cooling shadow near the Stevenson screen.

Forgotten: Historic hot temperatures recorded with detail and care in Adelaide « JoNova

Disastrous floods caused 23 deaths in Brisbane and at least 5 more deaths in Maryborough. Read on 7 March 1855.

Variability and decline in the number of severe tropical cyclones making land

Report that Clarke had despatched a sample of Mitta Mitta gold to Mr Hale of George Street, Sydney, for analysis.

Federation Drought

Six hypotheses relating to these themes were tested against the explorer record for inland eastern Australia.

24 Jul 1886

I find little or no difference in the research methods, statistical methods used, and so forth. Since you do peer review, if a paper came through that was totally new and ran against the grain of current knowledge but was perfect science and method-wise, would you approve it and would a journal publish it? On Magnetic Island 90% of the houses were damaged or destroyed.
