Highlighting history

Over the next two centuries the small liberal arts college that educated the sons of lawyers and planters grew into a major research university whose influence extends far beyond the boundaries of the state. Text is clean, tight, and unmarked.

History of UGA

The school offers ten undergraduate majors to students pursuing the bachelor of business administration degree: accounting, banking and finance management, economics, general business, international business, management, management information systems, marketing and distribution, real estate, and risk management and insurance. The curriculum of traditional classical studies was broadened in 1843 to include courses in law, and

again in 1872 when the university received federal funds for instruction in agriculture and mechanical arts.
