The Maqamat of al

We cannot praise Him as He deserves but we can try to remember and praise Him as much as we can. He is the Self-Sufficient and is sufficient for all. Ibn Fāris, Hamadhānī's instructor, ironically hints that the ignorance of the people of Hamadhān was contagious.

Maqamat Badī' az

The relater of tradition might by an easy transition become the narrator of the story or adventure.

The Maqamat of al

In his reflections on knowledge, the course to be pursued in the acquisition thereof and the essential qualifications of the seeker after knowledge, the author gives us an insight into his own methods of study. The verdict must have been a foregone conclusion.

Badī' al

A breach of good manners on his part in the presence of the Wazīr is said to have brought his sojourn at Arraján to an abrupt termination. Le narrateur, Isā fils de Hichām, vagabond et poète, témoigne de ses merveilleuses rencontres avec des cavaliers errants, des aristocrates ou des voleurs, des marchands ou des mendiants. Mutanabbī, considered by his countrymen to be the greatest of Islāmic poets, had just completed his great work.

Badī' al

Ibn Khallikan, De Slane's Translation, i, 101. There is no evidence as to the precise duration of his stay there, but, in the society of the litterati that had gathered round the great Wazīr and with, doubtless, free access to a library so vast that the Šāḥib is reported to have said that it would require 400 camels to transport it, it must have been for the young aspirant to literary fame a period rich in opportunity and experience.

Maqamat Badi' az

The third is to embrace, comprehend, and pervade. In addition to all this he was endowed with a marvellous memory.
