The Importance of Trade Liberalization for Developing Countries

A final explanation concerns political imperatives, including the influence of groups which gain from protection, and the importance of revenue from border measures for developing country governments, where other tax bases are not strong.

Exchange Rate Volatility and Employment Growth in Developing Countries: Evidence from Turkey

It is found that countries that are more open to the rest of the world have experienced faster growth in total factor productivity than countries with high trade barriers.

Liberalization: Economic Reforms during Liberalization, WTO, Examples

The government unveiled a blueprint in June 1993 for the liberalization and opening of the financial sector, aiming at substantial progress in financial market deregulation.

Liberalization: Economic Reforms during Liberalization, WTO, Examples

Re-skilling duration will lead to non-productivity and would cast a burden on the capital of the company. This is exactly what happened in the that started in 2007-2008.
