Resources

We want to create intrapreneurs, artist-preneurs, and entrepreneurs, to address the regional and global employment crisis. The return of part of an output of a circuit to the input in a way that affects its performance.

Preventing Substance Use Problems Among Young People

This RFP focuses on building preclinical evidence in animal models and on advancing lead molecules to the clinical candidate selection stage. When a person lacks a coherent outlook on life and a sound framework of thinking to address one's feelings, identity confusion occurs.

Applications from museums and schools are welcome but projects must involve significant outreach beyond schools.

The Volunteer Circle

However, these young people continue to be at risk for an array of health problems, particularly HIV, and hepatitis B and C as a result of injection drug use and needle sharing. The Kids Fund will pay for up to 80% of the course fee for groups of disadvantaged young people to attend a non-curriculum day or residential course at an FSC Learning Location.
