The guidance will focus on strategies to promote the environmental justice principles of meaningful involvement and timely communication of information to communities and will reflect key statutes such as Title VI of the Civil Rights Act of 1964 and Section 508 of the Rehabilitation Act of 1973. Percentage of Cases Settled in 2001 Wiscarson Law settled 100% of state complaints, state due process filings and Office for Civil Rights Complaints filed in 2001 for its clients, without completing the formal decision-making process.

Agriculture Conferences 2021

The goals of the Forward-looking Strategies, which are intended to be implemented by the year 2000, are deliberately ambitious. Through the Performance Plan, HHS will ensure that its actions promote health and well-being and do not add to the burden of illness borne by any community or population, including minority and low-income populations and Indian Tribes with disproportionately high and adverse environmental exposures.

Diane Wiscarson

COVID-19 forced the medical group to get creative in order to continue providing support to this important demographic.
