Shards of Chinese porcelain have been found in what is now New Mexico United States of America , which was then part of New Spain. The border, moulded with a double row of radiating panels, is possibly inspired from Yuan-dynasty 1279-1368 carved celadon bowls, or from early Ming blue and white bowls 1. In the Shunzhi era, more than any other time in the last 500 years of Chinese porcelain, there was a strong emphasis on individual works of art, each one unique.

Delftware and the Domestication of Chinese Porcelain

Much of the meaning behind this imagery has been lost to the average viewer in contemporary China, and even to most Chinese ceramics experts both in China and the West.

Chinese Kangxi famille

A systematic study of the decorations and styles of Sung dynasty wares, with a tentative, but well-argued chronology. Seville merchants, alarmed

at their quickly slipping trading monopoly, ultimately convinced the crown to prohibit inter-colonial trade in 1631.
