who thinks we could push for a better venison market?

But Innes Moffet, the venison marketing manager for Deer Industry New Zealand, said apart from that, the trade in deer products has been largely limited to co-products such as tails, pizzles and sinews. Cows are kept for either meat, milk or leather.

CO2 emissions and the production of meat

Supply difficulties were exacerbated when the supply of products, particularly venison, was maintained by the slaughter of young breeding females.

Industry exports by destination: YE Sept

. There are not enough pastures to feed them all, Russian Gazette warned.

Venison production & pricing trends

Dimuzio and his wife, Rhonda, decided to farm deer because he needed a type of farming that would be compatible with his lifestyle.

Frozen Venison Market Size By Type (Sika Deer, Red Deer Meat, Other), By Application (Food service Customers, Retail and Grocery Store Chains), By Region (North America, Europe, Asia

.

Venison production & pricing trends

Of concern is the apparent increase in the number of female animals processed and the number of whole herds committed for processing.
