Collective Bargaining in the Public Sector: Why and How

As regards the first of these aspects, the survey found that a high percentage of administrations 35% do not have specialised offices for industrial relations and personnel management, apart from strictly administrative matters pay and social security contributions.

Decentralised bargaining in the public sector examined

Prevailing wage laws are most commonly applied to government-funded construction projects, but they can also apply to service work, as well as to grants, loans, and tax breaks. They contend that all adversarial negotiations may lead a general lack of public support for education and other needed public services.

Why Public

For example, Jersey City, New Jersey, uses collectively bargained wages from the union contract that covers the most workers in a given classification for prevailing wages for building service workers, provided that the contract covers at least 200 workers. Within this framework, in spring 2001 Aran carried out a survey of industrial relations and personnel policies at the decentralised level in the public sector, at the end of the four-year collective agreement period 1998-2001.
