Lokayata

There certainly existed skeptics and materialists in India and indeed, all around the world from ancient times and it is possible that some of them authored their viewpoints, which have long been lost. This is not to say that materialism replaces other ideologies—it is to say rather that notions about the priority of this-worldliness appear even in some spiritualistic schools. Although Charvaka doctrine had disappeared by the end of the medieval period due to unknown reasons, its onetime importance is confirmed by the lengthy attempts to refute it found in both Buddhist and Hindu philosophical texts, which also constitute the main sources for knowledge of this philosophy.

Charvaka
