### Securities

We will consider a variety of common practice issues including managing concurrent SEC and DOJ investigations, structuring and conducting the internal investigation; responding to SEC document subpoenas; conducting witness interviews; and, the application of the corporate privilege, attorney-client privilege, work product doctrine, and governmental privileges. The course starts from the proposal and selection of the arbitrator and ends with the notification of the award. For of this subparagraph, a dealer in is a merchant of, with an established place of business, regularly engaged as a merchant in purchasing and selling them to customers with a view to the gains and profits that may be derived therefrom.

### The Laws That Govern the Securities Industry

In addition to accounting courses, students contemplating a corporate law career should seriously consider other courses in the general field of the regulation of financial institutions, including Banking and Financial Institutions Regulation and Federal Regulation of Financial Institutions.

### Securities Law

Members enjoy the benefit of participating in discussions of developments in the business and financial services world and the opportunity to expand their professional network.

### Securities

The Section publishes the NY Business Law Journal, which provides practice-oriented insight and guidance relevant to the business law practitioner, with special emphasis on lawyers who practice in New York State. Lawyers in every type of practice corporate, litigation, government, public interest, etc.

### 26 CFR § 1.864

Where it did not, why not? We will then turn to the complex derivative puzzles created by transactions and corporate structures. Note: All students are expected to attend class regularly.

Enrolled students must be in attendance at the start of the first class session in order to remain enrolled. Specifically, this class considers places in the financial system where agencies, laws and regulations conflict with one another, as well ways in which financial products can fall through cracks in regulatory systems. Students in project-based practicum courses are similarly required to devote the requisite number of hours to their project.
