The Writings of Henry D. Thoreau

John Hildebidle, Thoreau: A Naturalist's Liberty Cambridge, MA: Harvard University Press, 1983.

PAL:Appendix U: Nature, Ecocriticism, & Ecofeminism

Arguing against the most recent trend in Thoreau studies, Dolis contends that, for Thoreau, nature is primordially a construct: it cannot be understood apart from language, through cultural constructions, techniques by means of which the subject composes the object. He advises alertness to all that can be observed, coupled with an Oriental contemplation that allows assimilation of experience.
