Records of the Lausanne Committee for World Evangelization

Crisis in the Congo: a United Nations force in action. Example of an abstract from Chemical Abstracts.

Paris December

The information centre chosen is one, which serves an industrial clientele—the Technology Information Centre TIC at the ARGUS Institute of Technology AIT.

Visiting faculty

Hence the reporters and producers look for quick explanations that are compatible with their own personal biases and the meager state of their own knowledge. Needs, Wants and Customer Satisfaction While libraries and information centres would like to achieve their objectives, they must first understand their customers' requirements.

Yerrinbool Report on Scholarship

Renald Lafond, Senior Programme Officer, IDRC, gave us valuable guidance through-out the project. Still under the direction of Dr. Accreditation complements, but is distinct from, other means of regulating professional education: licensure and certification of individuals.
