These values guide our work and build our inclusive, open and honest culture. .

Contemporary Native American Projects: Four Studies

The census now allows respondents to identify as multiple races, which has led some tribes to see large increases in their Native American populations, explains Richardson. Miriam Jorgensen, research director of HPAIED and the Native Nations Institute for Leadership, Management, and Policy, explains that housing programs and infrastructure need to reflect tribal preferences, and housing institutions need to be seen as

legitimate in the eyes of tribal members. In improving these institutions, tribes are retaining the same element of self-determination — Native Americans deciding for themselves what does and does not work — that can fuel innovative and culturally relevant solutions in housing development.

History, as it suggests, is the story which insights what happened in the past. Placing control in the hands of tribal members ensured that the ones making the decisions were the ones bearing the costs of failure, encouraging leaders to learn from their mistakes and develop more effective governing institutions.

Traditional Indian Houses

Heavenly beauty of traditional houses of the Indian Western coast! Such exquisite carving led to self-shading of the facade hence reducing overall heat gain of the building.

Traditional Indian Houses

Difuntorum argues that eliminating the rule would grant tribes more flexibility to decide how to distribute assistance among tribal members. Gender equality is also about creating an inclusive culture where all genders are valued for their unique contributions. Accessed 9 February 2015; Edwards, Morris, and Red Thunder, 22—5.
