I love her plasticsurgerybeforeafter and excited about how youthful and rejuvenated she looks. I re-balanced her face with a deepplane facelift lateral temporallift fatgrafting buccalfatremoval necklift with platysmaplasty and importantly a liplift. When I saw this patient after her deepplane facelift , necklift with platysmaplasty, and upper and lower eyeliftsurgery , I walked in the room and it took my breath away! She was frustrated because fillers and non-surgical treatments were no longer improving her appearance and she wanted to rejuvenate her appearance permanently.

“Face the Facts” with four first

Face masks protect against coronavirus Healthcare workers use professional face masks, which fit tightly around the face, to protect them against infection. Here is the video and my reaction in real-time. The facelift does not correct this.
