Channels and policy debate in the globalization

Keynes both admired and feared the power of the market system.

Trade, Foreign Investment, and Industrial Policy for Developing Countries*

And the same is true if a foreign factory fouls the air and poisons the water, if poverty wages are paid to the workers who produce the stuff, or if the goods themselves are poisonous and dangerous. Exports soared after its engines gained recognition for their speed and for hauling weight up steep grades. The 1997 East Asian financial crisis, fueled by massive currency speculation, suggested that markets could create not simply prosperity but great vulnerabilities.

Trade in goods and services: Two sides of the same coin?

Digital Economy and Sharing of Digital Dividends China will work to achieve the goal set by World Summit on the Information Society to build a people-centered, development-oriented and inclusive information society, as a way to implement the 2030 Agenda of Sustainable Development.

International Trade Rules: What Every Exporter Should Know

Thus the ICC, again a pioneer in the field, proposed a Model Contract for the International Sale of Manufactured Goods, while ITC presented a Model Contract for the International Sale of Perishable Goods. In fact, it may have a far greater impact on upgrading than GVC linkages alone.

Channels and policy debate in the globalization

The number of transatlantic telephone calls soared —climbing slowly from 10,000 in 1927 to 250,000 in 1957, and then jumping to 4. However, in the first decade of the 21st century, when unemployment skyrocketed and the banking system and major corporations needed a bailout to survive, we questioned whether we could still control the economy.
