Priorities and performance

Throughout, agency budgets have tightened. Body-worn cameras extend the same advantages afforded police by in-car recording systems—the protection of the public and the police during both routine and high-risk police—citizen encounters. When it comes to specific questions on police performance, there are many examples of these types of questions that are being asked of police in contemporary public opinion surveys in Canada and the Western World.

Organizational Transformation

The best targets are attainable, but with a healthy element of stretch required. That momentum should not be driven in haste by any single, high-profile police—citizen encounter; rather, it should bring about policy guidance that fits any department and ensures sustainability for the good order of the profession.

Priorities and performance

The pendulum often swings too far in the direction of being warriors.

Policing in America: Lessons from the Past, Opportunities for the Future

Justice Department, the Drug Enforcement Administration, and the NJSP. This approach to driving violent crime down needs a strategic vision using all agency resources to help accomplish the mission.

Measuring the Performance of the Police: The Perspective of the Public

Emergency and in-progress crimes are given the highest priority. This measure represents the actual crimes solved year-to-date compared to the actual crimes committed over the same time period. The monitoring of police departments has, in and of itself, become a lucrative cottage industry.

Professional development review

Discuss the SARA model of problem solving. Available at [accessed on November 29, 2013](#). Just as any private entity accountable for its bottom line would do, law enforcement should have a constant stream of data by which to measure the bottom line of public safety.

Policing Plan 2020

While this could be a lengthy and costly process, it would result in solid, standardized, and comparable police performance indicators measured through the surveys of Canadians.
