## Madame Bovary on Trial on JSTOR

Then, drawing on Flaubert's voluminous correspondence, Steegmuller tracks his subject through friendships and love affairs, a trip to the Orient, nervous breakdown and tenuous recovery, and finally into the study, where a mind at once restless and jaded finds a focus in the precisely detailed reality of an imagined woman, utterly ordinary in her unhappiness, whose story was to revolutionize literature. The book is based on and quotes many of his letters, travel diaries, etc. Will the realism stand out, or the romantic side? This counts double since he is, after all, a pretty much universally respected writer and had such an impact on pretty much everything to come after him.

## Flaubert, Gustave 1821

The movement you need is on your shoulder. In fact, his later novels and were only published after he had exercised this discipline, but were originally drafted, and persuaded by his literary friends not to publish yet, in his earliest years as an author, and were almost entirely re-written with the goal of reigning in his romanticism.

## Flaubert and Madame Bovary by Francis Steegmuller: 9781590171165

I enjoyed the story it was one that caused you to have many feelings about the characters. It also was an important look in to the writing process.

## Flaubert and Madame Bovary book by Francis Steegmuller

This is unfortunate because Flaubert's life is not all that interesting, except for his views on literature, which are downplayed.

## Flaubert and Madame Bovary by Francis Steegmuller

As a bonus, you get to follow Flaubert and Du Camp on their travels to the fleshpots of North Africa and Asia Minor.

## **Madame Bovary on Trial on JSTOR**

But in a biography of this sort could there be any other possible outcome? This book gives you the best of both worlds: Steegmuller did a lot of research, and has interesting things to say about the origins of 'Madame Bovary,' both the book and the woman; on the other hand, it reads like a nicely written novel, except that at the end, instead of 'dear reader, i married him,' you get 'dear reader, he published it. Cover has slight wear, front cover creased, back cover has some tanned sections due to exposure to sunlight.
